Printed : January 2026

The ICAR-DKMA (Directorate of Knowledge Management in Agriculture) manages a telephone directory web application, accessible at <https://teldir.icar.org.in>. To ensure the directory's accuracy and reliability, it is essential that updates to telephone numbers, email addresses, and other relevant details are promptly incorporated by the respective Institutes, Universities, and Units as and when changes occur.

The ICAR Telephone Directory 2026 has been meticulously compiled based on the data entered by the respective Institutes, Universities, and Units in the web application as of **November 30, 2025**.

*Compilation* : Smt Hemlata Kapil

*Design & Production* : Shri Punit Bhasin

# ICAR at a glance

The Indian Council of Agricultural Research (ICAR) is an autonomous organization under the Department of Agricultural Research and Education, Ministry of Agriculture and Farmers Welfare, Government of India. Formerly known as the Imperial Council of Agricultural Research, it was established on July 16, 1929, as a registered society under the Societies Registration Act, 1860, in pursuance of the recommendations of the Royal Commission on Agriculture. The ICAR is headquartered in New Delhi.

ICAR is the apex body for coordinating, guiding, and managing research and education in agriculture, including horticultural sciences, fisheries sciences,

and animal sciences. With a vast network comprising 115 ICAR institutes and 80 agricultural universities across the country, it represents one of the largest national agricultural research, education and extension systems in the world.

ICAR has been instrumental in driving the Green Revolution and spearheading the modernization of Indian agriculture through its innovative research, education, and extension initiatives. The Council currently addresses the challenge of ensuring nutritional security for India's growing population, despite constraints such as limited cultivable land, increasing water scarcity, and the escalating impacts of global warming.
