Subject: ICAR Telephone Directory 2019.

Sir,

The ICAR Telephone Directory 2019 has been printed. The directory was published on the basis of data uploaded by institutes/universities till 27.01.2019.

It is observed that some of the institutes/universities/offices etc. have not fully updated their data on the ICAR Telephone Portal due to which some corrections still exist in the printed version and on portal.

You are, therefore, requested to kindly recheck your details on the ICAR Telephone Portal and correct/update the same so that mistakes are corrected in the pdf version of ICAR Telephone Directory. Data on the portal is always accessible to the users for update on real-time basis, using the login credentials already provided to your institute/university.

For help/guidance in data updating on the portal, we are accessible on all working days from 9.30 AM to 5.30 PM on mobile numbers 9069811401/ 9911876760.

Thanking you,

Yours faithfully,

(SK Singh)

Project Director (DKMA)
